

Effective March 23, 2020

Dear Webb Dentistry patients, families, and friends (yes, we consider you all family and friends).

Webb Dentistry is following the guidelines established by American Dental Association and Georgia Dental Association for scheduling of dental procedures:

We are postponing all elective procedures, so we can concentrate on emergency dental care, for a minimum of three weeks.

ISSUES THAT MAY BE CONSIDERED EMERGENCIES:

- Pain
- Swelling/Infections
- Broken Tooth/Lost Crown
- Broken Dentures and Partials

We are currently NOT, seeing patients for routine cleanings. We will communicate steps to rebook appointments once we have reopened.

Please call /text the office with any questions or concerns at 706-935-2211. We are also exploring and have technology for teledentistry.

As always, we are here for you and want to thank you.

Stay Healthy and Keep Smiling!

Dr. Jason Webb, Dr. Thomas Funderburk and Staff
